

A cooperation Protocol between Alexandria university and Alexandria Sanitation Company

Prof. Abdel Aziz Konsowa, President of Alexandria University, and Major General A.H. Engineer Mahmoud Mohamed Nafi, Chairman of the Board of Directors and Managing Director of the Alexandria Sanitation Company, signed a joint cooperation protocol to contract with distinguished students among first graduates of Alexandria University to work in the Alexandria Sanitation Company.

the

Prof. Konsowa indicated that the protocol aims to provide employment opportunities for the top graduates of Alexandria University in the Faculties of Engineering, Commerce, Law, Science and Arts during the last five years in all fields and specializations in accordance with the actual needs and the annual employment plan of the Alexandria Sanitation Company in various sectors and each according to his specialization.

Engineer Nafi also pointed out that the protocol aims to prepare a new generation of distinguished cadres to deal with the latest technologies. He added that it was also agreed to grant employees of the Alexandria Sanitation Company the possibility of obtaining master's and doctoral degrees at reduced prices. It was also agreed to hold workshops in each sector of the company. Sanitation in Alexandria, and organizing training courses in cooperation with specialized professors from Alexandria University to identify needs and improve the performance of these sectors according to the nature of their work.

A cooperation protocol between Alexandria University and Siemens Healthcare – Egypt - 2022

Prof. Abdel Aziz Konsowa, President of Alexandria University, announced the signing of a cooperation protocol with Siemens Healthcare - Egypt, with the aim of strengthening and developing cooperation between the two sides in the scientific and academic fields.

The university president explained that the protocol was signed by Dr. Saeed Allam, Dean of the Faculty of Engineering, and Mr. Michael Schmermar, CEO of Siemens Healthcare - Egypt, and included the provision of educational and training programs for students of the Bioengineering Program at the Faculty of Engineering with the aim of developing their basic, technical and engineering skills in a way that contributes to promoting and developing common interests.

The signing of the agreement was attended by Dr. Walid Abdel Azim, Vice Dean of the College of Engineering for Community Service and Environmental Development, Dr. Issam Wahba, Vice Dean of the College of Engineering for Postgraduate Studies and Research, Dr. Mohamed Helmy, former Vice Dean of the College of Engineering for Education and Student Affairs, and Dr. Mohamed Rizk, full-time professor at the College of Engineering and coordinator. Biomedical Engineering Program, and

Partnership with industrial companies

- The cooperation agreement between Alexandria University (Higher Institute of Public Health) and the Egyptian Petrochemical Company,

The Institute of Graduate studies and research on Climate change- discussions in cooperation with of Al-Ezz Dekheila Steel Company (Ezz Steel), and the Alexandria Portland Cement Company (TITAN)- November 2022

Under the patronage of Professor Prof. Abdel Aziz Konsowa, President of Alexandria University, and Dr. Hisham Saeed, Dean of the Institute of Graduate Studies and Research, and in the presence of Professor Dr. Ibrahim Hindawi, Acting Head of the Environmental Studies Department and Head of the Conference Organizing Body, a conference was held for the Environmental Studies Department entitled "Climate Change and Regional Challenges in Middle East and North Africa region" in the institute's conference hall during the period from 19 to 20 November 2022

In the presence of the faculty members and the department's supporting staff, as well as from the various departments of the institute, the conference was held under the auspices of Al-Ezz Dekheila Steel Company (Ezz Steel), and the Alexandria Portland Cement Company (TITAN).

The conference was honored by the presence of a large number of representatives of industrialists from various companies, such as Al-Ezz Dekheila Steel Company (Ezz Steel), Alexandria Portland Cement Company (TITAN), Alexandria Fertilizer Company, Abu Qir Fertilizer Company, Alexandria Drinking Water Company, and graduates of the Department of Environmental Studies.

The conference discussed the economic dimensions of climate change, its economic impacts, and mitigation and adaptation efforts in confronting climate change. It included the energy and renewable energy axis, energy rationalization, and the gradual replacement of solar energy.

This conference resulted in some important recommendations that must be taken into consideration:

Expanding the base of participation in upcoming conferences with experts from the field of industry, especially decision makers.

Expanding the institute's research plans that are concerned with various industrial activities and emerging from their actual problems.

Preparing a cooperation protocol between the institute and industry experts to deliver several lectures to learn about the latest types of technology used in these industries to preserve the environment.

Conducting training courses and workshops for the institute's students with the help of industrialists to benefit from their expertise.

Organizing periodic and regular visits for faculty members, supporting staff, and students in the department to distinguished industrial entities.

Creating an integrated research strategic plan that clarifies the important topics that must be studied and creating an implementation plan for them in the field of the environment.

Determine a proposed date for the conference next year and ensure the importance of holding the conference on an annual basis

Alexandria University partnerships with international and national universities

Alexandria university meeting endorsed partnerships with universities, national authorities, schools and industrial sector. These partnerships are with:

Partnerships with international universities

- Renewing the memorandum of understanding between Alexandria University and Moi University in Kenya.
- The student exchange agreement between Alexandria University and Shanghai University of International Studies in China,
- The general agreement for cultural and scientific cooperation between Alexandria University and Spenza University of Rome in Italy,
- The cultural and scientific cooperation agreement between Alexandria University and the International Telematic University "UNINETTUNO" in Italy,
- And the memorandum of understanding between Alexandria University (Faculty of Fine Arts) and the Academy dei Romani - Institute of Fine Arts, Rome, Italy.
- A memorandum of understanding between Alexandria University (Faculty of Fine Arts) and the Academy of Fine Arts in Rome, Italy - Rome Institute of Fine Arts,
- The cooperation protocol between Alexandria University and Borg El Arab Technological University.

Partnership with National universities:

- memorandum of understanding between Alexandria University and Cairo University for 4 years
- memorandum of understanding between Alexandria University and Ein Shame university
- memorandum of understanding between Alexandria University Helwan university
- memorandum of understanding between Alexandria University Pharos university
- memorandum of understanding between Alexandria University Military college

Partnership with industrial schools

- The cooperation protocol between Alexandria University (Faculty of Education) and Hilalia Language Schools.

Alexandria University partnerships with universities, national authorities, schools and industrial sector

Alexandria university meeting endorsed partnerships with universities, national authorities, schools and industrial sector. These partnerships are with:

In the field of Cultural partnerships

- The Council approved the proposed agreement to establish and operate the King Sejong Institute between Alexandria University and the Korean Cultural Center in Egypt.

Partnerships with universities

- Renewing the memorandum of understanding between Alexandria University and Moi University in Kenya.
- The student exchange agreement between Alexandria University and Shanghai University of International Studies in China,
- The general agreement for cultural and scientific cooperation between Alexandria University and Spenza University of Rome in Italy,
- The cultural and scientific cooperation agreement between Alexandria University and the International Telematic University "UNINETTUNO" in Italy,
- And the memorandum of understanding between Alexandria University (Faculty of Fine Arts) and the Academy dei Romani - Institute of Fine Arts, Rome, Italy.
- A memorandum of understanding between Alexandria University (Faculty of Fine Arts) and the Academy of Fine Arts in Rome, Italy - Rome Institute of Fine Arts,
- The cooperation protocol between Alexandria University and Borg El Arab Technological University.

Partnership with national authorities

- The cooperation protocol between Alexandria University and the General Authority of Alexandria Port,
- The protocol of understanding between Alexandria University (Higher Institute of Public Health) and the Alexandria Manpower Directorate,
- A memorandum of understanding between Alexandria University (Higher Institute of Public Health) and the Directorate of Health Affairs in Alexandria.

Partnership with industrial companies

- The cooperation agreement between Alexandria University (Higher Institute of Public Health) and the Egyptian Petrochemical Company,

Partnership with industrial schools

- The cooperation protocol between Alexandria University (Faculty of Education) and Hilalia Language Schools.

Council of community services cooperation agreements -Dec 2022

The Council approved a cooperation agreement between the College of Computing and Data Science and the Holding Company for Maritime Transport to implement some training programs and develop skills for workers and implement a number of technological and programming activities in the company.

The Council approved the renewal of the cooperation agreement between Alexandria University, represented by the Community Service Center and the AMIDEAST Egypt Assistance Authority, for the third year to coordinate the English language tests "TOEFL ITP" and the international communication tests service in the English language "TOEIC."

The Council also approved a cooperation protocol between the Institute of Graduate Studies and Research and the Alexandria Specialized Petroleum Products Company (ASPEC) to develop the capabilities of workers, benefit from the scientific expertise of the Institute, create training opportunities for university students, and cooperate in the engineering, technical, and research fields.

The Council approved a cooperation protocol between the College of Commerce, the Computer Center and Skills Plus for Skills Development.

The Council was informed of the report submitted by the Vice Dean of the College of Commerce regarding the College's organization of the Sixth Forum of Companies and Banks to educate students about the requirements of the labor market.

The Council also took note of the video report submitted by the Vice Dean of the College of Pharmacy on the College's second international conference, PHS 2022, which was held under the title of Egypt's Healthcare Vision 2030.

The Council discussed a number of activities and events in a number of university colleges as follows:

- The College of Education organized an initiative entitled "Sinai in the Heart" to raise students' awareness of the value of the land of Sinai and its great history. The college also provided usufruct outlets to provide government and student services, "distinctive and urgent services," to faculty members, students, workers, and graduates.
- Activities of the College of Pharmacy in the field of preserving environmental cleanliness and combating climate change.
- The College of Agriculture organized a number of agricultural convoys to the areas of Burj Al-Arab, Ibis 7, 8, and Al-Ameriya, in cooperation with the Directorate of Agriculture in Alexandria, as well as the activities of the college's cultural season and the most important activities accompanying them.
- The report submitted by the College of Physical Education on the first scientific forum on sports medicine and locomotor system research, "Critical Sports Injuries," and the scientific forum, "Wellness, Sports, and Climate Change."
